3. Warm Tips:

- If your USB-C device has a 3.5mm audio port, it won't support mic and wire control, eg: Galaxy S9/S8/Note 9/Note 8/S10, iPad Pro 11, iPad Pro 2018.
- When you plug/unplug the power charging, the music stops. It's normal because the main control chip will be restarted if the power supply of the main board system is changed. Please play music again.
- It may not support QC for some new phones. Suggest using a PD wall charger to get faster charging speed.
