

# USER MANUAL

## 1. Product Description:

LOKUKA USB-C to AUX Adapter connects your USB-C (Type-C) devices to the speaker, headphones, home stereo, TRRS microphone, or any device with a standard 3.5mm Aux cord. It's great for listening to your favorite music, enjoying a game, or starting an efficient online communication.

## 2. Connectors:

- USB-C (Type-C) Male port
- TRRS 3.5mm Female AUX Jack Port

## 3. Warm Tips:

- (1) When using the mic function, the headset cable plug should be TRRS standard.
- (2) If your USB-C device has a 3.5mm audio port, this adapter may not support calling. Such as Galaxy S9/S8/Note 9/Note 8/S10, iPad pro 11 ", iPad pro 12.9". For iPad Pro 2018, it can't support phone calls and music control.
- (3) The correct way to install: First connect the headphone to the adapter, then connect it to the phone, which can avoid noise when the headset is connected.
- (4) Clean the debris and lint from the phone USB C jack first, or audio may be cut in and out sometimes.

# 24/7 CUSTOMER SERVICE
