

USER MANUAL

1. Product Description:

LOKUKA USB-C male to two TRRS 3.5mm female splitter, allows you to connect two headphones, speakers, or TRRS microphones to your USB-C devices.

2. Connectors:

- USB-C (Type-C) Male port
- TRRS 3.5mm Female port x2

3. Warm Tips:

- (1) When using the mic, both two headsets or mics cable plugs should be TRRS (TRRS plug has 3 black rings, TRS plug has 2 black rings.)
- (2) This type c to 3.5mm mic splitter does NOT work for dual-TRS-plug headphones.
- (3) If your USB-C device has a 3.5mm audio port, it won't support mic and wire control, eg: Galaxy S9/S8/Note 9/Note 8/S10, iPad Pro 11, iPad Pro 2018.
- (4) The correct way to install: First connect the headphone to the adapter, then connect it to the phone, which can avoid noise when the headset is connected.
- (5) Clean the debris and lint from the phone USB C jack first, or audio may be cut in and out sometimes.
